

## Summer 2012

Hello and welcome.

It's been a wonderful few weeks. Record rainfall has given our Insurance Repair and Renovation Division's order book a much needed boost, our Major Contracts Division has enjoyed its best quarter for new orders for over 3 years and the Olympics, which I am thoroughly enjoying, is seeing record numbers of bed bugs arrive in the UK – much to the benefit of our subsidiary company Xeric Systems.

The Olympics have united the country. I thought the opening ceremony was amazing, the venues, the organisation, the TV coverage and the athletics are an inspiration, let's hope the feel good factor surrounding the games ripples out and transpires itself in to some positive economic news during the course of the next few months.

To all our readers, suppliers and customers, I hope you enjoy this newsletter and that you are having a wonderful summer.

Steve Gelder MBE  
Managing Director

## Double Success at Awards Ceremony

The Gelder Group were double winners at one of the Region's top awards ceremonies – The Lincolnshire and Rutland Environmental Awards.

Presented by Sir David Bellamy the Group scooped both the "Best Business 2012 Award" and were the overall winners of the "Lincolnshire Environmental Award".

The Gelder Group now recycles 94% of its waste – the industry average is 72%. The company has built a lake, planted 13 acres of land with 3500 trees, recycled water is used to wash its 220 vehicles and flush its toilets and it's CO<sub>2</sub> reduction program has completely offset all CO<sub>2</sub> produced from its Lincoln Head Office.

## £25,000 Target Set to Celebrate 25 Years in Business

The Gelder Group began life on June 10<sup>th</sup> 1988 as SP Gelder Builders, a two man operation made up of Steve Gelder, now Group MD, and Dave Gladwin, now Construction Director. Fast forward some 24 years and the Gelder Group is now one of the region's largest employers with a workforce of over 350 and sales in excess of £40m.

To celebrate making it to our 25th year the Group has set up a charity team and tasked it with seeing the Company raise £25,000 for two charities.

The charities that will benefit from the Group's Silver Jubilee charity year will be the St Barnabas Hospice and Alzheimer's Society – both these charities were voted for by Gelder staff and the funds raised will be split equally between them both.

## £8 Million of New Orders Gives Major Contracts Division a Boost

Orders for two social housing schemes, four retail developments, a fire station refurbishment, a new classroom block and the completion of a sustainable housing project has given our major contract division order book its biggest quarterly boost in over three years.

On the success Major Contracts Director Kevin Manterfield comments "Whilst the news surrounding the economy, particularly construction, remains bleak we are certainly bucking the trend of what is being reported" adding "The most pleasing aspect for me is that our quality and customer service is what is driving our success with many repeat clients and negotiated contracts making up the bulk of our new orders"

To celebrate the Gelder Group's multi Million pound re-financing deal, that in May saw its day to day banking requirements transfer from Lloyds to RBS-owned NatWest, the company recently welcomed RBS Managing Director Steve Mathews to its Lincoln Offices.
