

Our Latest Vision

Welcome to the first issue of the Vision 2025 Newsletter – the newest source of insights, updates, and inspiration straight from the heart of our Gelder World Vision 2025. Crafted by the Vision Team, the newsletter aims to enhance communication, collaboration, and community-building within Gelder Group, all of which were key themes raised to the Vision teams.

The Gelder World Vision 2025 has three pillars:

- Our People - Attaining peak performance through our commitment to doing the right thing
- Our Planet - Creating a sustainable future for the new generation in construction
- Our Performance - Delivering optimum performance through continuous improvement.

Through this newsletter we will share our successes, challenges, and aspirations, as well as other subjects, including upcoming events you can get involved in! We encourage you to share your thoughts, achievements, and ideas with us. To contribute an idea, kindly visit gelder.co.uk/about/gelder-world-vision/

Gelder Group Carbon Reduction

Gelder Group are delighted to announce that they have again succeeded in reducing its carbon emissions in 2022 in line with its Vision of 'Creating a sustainable future for the new generation in construction'.

Verified by Planet Mark, the independent sustainability certification body which recognises continuous improvements, encourages action, verifies and measures carbon and social data. Planet Mark confirm that in 2022 Gelder group reduced carbon emissions by 1.8% across its group activities. The certification body measures all direct emissions through its fleet and offices as well as indirect emission.

Gelder Group Secure a Place on Pagabo's £1bn Refit and Refurb Framework

Gelder Group is thrilled to announce its successful inclusion in the highly sought-after Pagabo £1bn Refit and Refurbishment Framework for work up to £5m across Lincolnshire and Yorkshire. This achievement positions Gelder Group as one of the trusted partners selected to deliver exceptional refit and refurbishment projects.

The Pagabo framework serves as a key platform for public sector organisations to procure construction services, ensuring transparency, efficiency, and outstanding results. As a result of a rigorous and competitive tender process, Gelder Group has secured a place on this prestigious framework, highlighting the company's expertise, professionalism, and commitment to delivering high-quality construction projects.

Nettleton Fields Open Day

Gelder Living unveiled its latest project, Nettleton Fields, with an open weekend on the 9th and 10th September. More than 100 visitors explored the exclusive development featuring 19 high quality, energy-efficient homes nestled within the village of Nettleton bordering on the stunning Lincolnshire Wolds.

If you want to find out more about our new homes visit <https://gelder.co.uk/divisions/gelder-living/>
